

Adding Recruiter, Recruiting Manager, and Hiring Manager

How do you search people?

[image-1618248271227.png](#)

The blue icons next to the names indicate that the person has an active account within Salesforce.

To add a Recruiter, Recruiting Manager, or Hiring Manager, begin typing the name, and the field will begin to auto-populate with matching names. Choose the correct person.

NOTE: If you type a name and Salesforce cannot locate it, contact your Administrator to confirm the person you are seeking has an active account. If a hiring manager does not have an active account, you must request that one be created.

Revision #1
